 Retaining 2/3 Semen Interest. Here is an opportunity to buy a maternal brother to BT Crossover. 127 was our lead bull in our 2008 Denver Pen. He is very attractive with a big butt and top. He is structurally sound. This bull was collected as a yearling. He froze 177 straws of semen in a single collection and we would like to be able to use the semen we have in inventory.

 This is your opportunity to own the Angus Calf Champion at the 2008 Nebraska State Fair. King is the son of the third highest IMF EPD in the breed. He is long, thick, deep and has a good disposition. Long aged so will be able to handle a lot of cows this spring. His individual numbers are very strong with an 831 pound adjusted 205 day weaning weight and an adjusted 365 day weight of 1,397 pounds.

 Freedom 702 is a deep ribbed, long bodied, heavy boned, easy fleshing son of the popular TC Freedom 104. He is out of a moderate framed DHD Traveler 6807 granddaughter that has produced Supreme Champion Bulls for the Classic in 2006 and 2007. This bull is recommended for heifers with a +1.9 BW EPD and a +7 CED.

 Knowing the parents production history, this bull should add width, capacity and depth to your cattle operation. Boyd New Day calves are born easy and develop tremendous width and length of side. The dam was purchased by mistake and has been one of the best mistakes we've ever made. She's produced over 30 viable embryos as a single flush last year after calving and traces back to the old Scotch Cap 309 Bloodline. We do not creep feed.

09U is a classy son of the great sire, BT Crossover. His dam is a functionally sound 365 daughter, out of a great Ohlde Cattle Co. Papa Durabull cow. Our daughter showed 09U's dam successfully and she has been used in M&P's flush program. Use 09U to add style and performance after an easy birth to your calf crop. He should be arthrogryposis multiplex tested by sale date, contingent upon test availability.

367U combines the best of two worlds; feed efficiency and carcass! His sire is coming to the forefront of the breed with carcass traits and is the #8 proven bull in the Angus breed for REA and the #5 for \$B. His dam is a daughter of the famous '4465', giving you a direct link to some of the most sought after feed efficiency genetics in the breed.
