Here is the calf from the M6 Nancy 6100 genetic family that I purchased from the Southern Cattle Co. dispersal. MCC 1210 has the calving ease from the LT program and carcass value from M6 genetics. MCC 1210 has impressive numbers with calving ease, growth of weaning, and yearling weight. His mother Nancy 43004 is also impressive which influenced the decision to start the MCC Donor Program. I look forward to getting more calves that look like this one. Don't overlook the maturity of this youthful bull.

MTNL	11	Gold Card is stylish, well balanced, and has plenty of thickness. Whether you are looking to raise show calves, or add pounds to your herd, he's here to help. His sire Billionaire was raised on the ranch and was one of my Dad's favorites. Over the years, Billionaire sired many show calves both purebred and smokies. A son of his, WFR Smart Money 3040p, was sold at the 2004 Classic. He went on to sire a Houston Champion Heifer and many smokies. Here is your chance to get a stacked pedigree of Unlimited Ease, Wyoming Wind, Bluegrass, and Oakdale Duke. Take a look!

This heifer is straight out of our show pen and was a class winner at a competitive Ak-sar-ben Livestock Show. This heifer is out of a first calf heifer that we purchased and bred from Double H Charolais in Minnesota and out of our herdsire from Ridder Farms that has been no miss for us. From the start this heifer was an early favorite. This heifer is gentle, show broke, and in the end will do her job and make money as a cow. As an added bonus, she has long soft hair.

WOW! If I had enough numbers for my own sale, this heifer would be the headliner! She's the top heifer from my selection, out of the M&M dispersal's first calf crop. She's long bodied, big through the middle, and freak fronted. She has a great maternal look and pedigree paired with a great set of EPD's. This heifer will hang with the best in the show ring, but more importantly, she has the pieces to be a great one when it comes to production.
